

Birdsboro Municipal Authority

202 East Main Street | Birdsboro, PA 19508
Phone: (610) 582-6030 | FAX: (610) 582-6039

As part of continuing modernization, maintenance and repair objectives, the Birdsboro Municipal Authority (the "Authority") will be replacing the old galvanized waterline at the following locations:

- **Farmer Street**
- **School Street**
- **High Street**
- **Orange Street**

How this work will affect residents on these streets:

- You may experience a **temporary water shut off** while your service line is being connected to the new line, followed by a 48-hour **boil-water advisory**, which is standard with this type of project. Your property will be posted when the advisory goes into effect, and posted again when the advisory has been lifted.
- During the daytime hours while the work is being performed you will experience **travel and parking restrictions** on the affected streets.
- This project is being done at **no cost to the property owners**.

Project Timeframe:

- The Authority anticipates this work will begin on or around **October 28, 2019**.
- This project is expected to take approximately **two weeks** on each street.

RESIDENTS ON SURROUNDING STREETS MAY NOTICE INCREASED TRAFFIC AND PARKING DURING THIS TIME.

Please contact the Authority office at 610-582-6030 with any questions regarding this project. We will make every attempt to keep you updated on the progress of this project on our website: www.birdsboroma.com.

This system upgrade is necessary for the Authority to continue to provide high-quality water to our customers. We appreciate your patience during the pendency of this project.
